## COURT RULES CITIES MUST PAY ON TAXES

MONTGOMERY COUNTY TREASURER SOUGHT TO COLLECT FROM COUNTY

COURT GAVE RULING

Practically Identical With Situation In Greencastle And In Bainbridge

Northeastern Reporter, Indianapolis, dated Feb. 14, giving the ruling of the Indiana high courts, gives a digest of the opinion of the Indiana Supreme Court, which in the case of "Chadwick, treasurer, et al., vs. City of Greencastle," in which the Montgomery county treasurer sought, the suit was in the Montgomery county court, to collect taxes from the city of Greencastle on its electric light system, for the year 1938.

The case is practically identical with the situation in Greencastle, where the local municipal water system paid taxes in the sum of \$1010 for the year 1938 to the Putnam county treasurer and recently filed suit for the recovery of the same based on an earlier opinion of the state Supreme Court. The Montgomery county town, Bainbridge, has filed a claim with the commonwealth for the repayment to it of the sum of \$25.25 taxes paid in 1938 and 1939 on its municipal electric plant.

The claims, as filed, were based on the ruling of the Indiana Supreme Court in 1939, on which the court filed an opinion December 1939, but, by this later ruling, the ruling of December 22 is withdrawn by the court and an opinion is issued which changes the status of the 1938 taxes (paid in 1939) and the effort to secure repayment.

In an earlier ruling of the court, in December, found that the city paid in 1939 for 1938 should be covered by the municipal utilities who had paid such but the later opinion reverses the earlier one and is to the effect that payments in 1939 were not such that the taxes paid then should be recovered.

In the opinion of the court, the ruling of the Supreme court said: "We have said leads to the conclusion that the statute in question is unconstitutional, but that it is retroactive; that, therefore, the taxes for the year 1938 were legally due and should not have been refunded but that there is no basis for recovery of taxes for subsequent years."

In ruling, attorneys say, the collection of the taxes of character involved in the suit for 1939 and succeeding years, the payments in 1939 for 1938 stand collectible.

## AN FARMER'S SON TO BE CROWNED

YANKING, China, Feb. 22.—A new Delai Lama—the 7th and precocious son of a Tibetan—will be enthroned to Lhasa in one of the most extraordinary of the modern world. The new Lama is Ling-Erh. He is dressed in red silk robes and wears a golden crown in the shape of a "top of the world," which will reign over Tibet.

Other boys are also candidates for the throne which was vacated by the death of the 13th Dalai Lama in 1933 but it was understood that the one already had been made in and that Ling-Erh had been chosen without recourse to the 150-day ceremony of drawing lots for a golden urn.

The new Lama was selected as a boy of a vision and because he was almost the same hour the old Lama died. Followers of the religion believe that the soul of the departed enters the body of the new child.

## Louisiana Starts Garner Movement

FIRST DEVELOPMENT FROM DEFEAT OF STATE MACHINE CREATED BY LONG

WASHINGTON, Feb. 22.—(UP)—A Garner-for-president move to recruit Louisiana's 20 Democratic national convention delegates to the anti-third term campaign was the first national political development today from defeat of the state machine created by the late Huey P. Long.

The Vice President's associates claimed that victory of Sam Houston Jones, who took Louisiana's Democratic nomination for governor from the Kingfish's brother, Earl Long, was favorable to their cause.

They said Jones' nomination meant that for the first time since 1924 the state Democratic organization would support an effort to select nominating convention delegates by election instead of by appointment by the state central committee. The committee has authority to name the slate itself or summon a state convention to elect them.

Jones, in Louisiana, endorsed the convention plan without taking the opportunity to endorse Garner. But election rather than appointment of delegates in all states where laws permit is the No. 1 plank of the Garner pre-convention platform. Jones' endorsement of the elective process may support the claim made here that his victory over Earl Long was a good political break for the anti-third termers.

## Letter Received Shows Appreciation

READ BY MRS. BURBANK AT CLOSING SESSION OF COOKING SCHOOL

Women of Putnam county completely filled the Granada theater Wednesday afternoon for the closing session of The Daily Banner's cooking school conducted for three days by Mrs. Gertrude Burbank. The following letter was received by Mrs. Burbank showing the appreciation of one of those who attended the school. Dear Mrs. Burbank:

I confess that I came to cooking school with the thought that few of your recipes would be practical for my weekly food budget of six dollars. When I discovered that you had considered the small home-maker in your varied recipes, I was delighted and wanted you to know how much I appreciated your help. I have already tried your lemon-cloverleaf rolls, lily salad, and the glazed apples. I found them not only delicious but simple and easy to prepare, as well as economical. I use carrots in some form practically every day. Would you please repeat about the glazing process and the black cherry salad? Thank you. A Young Bride.

## MANY ATTEND MEETING HELD AT CLOVERDALE

FARMERS' INSTITUTE HELD IN SCHOOL BUILDING THURSDAY MORNING

FILLMORE MEETING FRIDAY

State Senator Ferris Spoke On "Farm Management" At Belle Union; Mrs. Fuller Talked

The farmers of Cloverdale township and nearby territory in other townships gathered in the school building at Cloverdale this forenoon for the farmers' institute for that area. It was said at the office of David L. Grimes, county farm agent, this morning, that the good attendance which has marked the preceding institutes in the county, this week, would be observed at Cloverdale, also.

The program for the institute at Fillmore Friday evening—the last of the series of five institutes to be held in this county this season—presents Mrs. Essie Fuller and State Senator Albert Ferris, who have been speaking at the other institutes. The Fillmore school band will play at the opening of the morning program, the invocation will be by the Rev. Lester Storm. Miss Utterback will render a music number. At the opening of the afternoon program, the band will play again and there will be vocal numbers. Jane Salmen will have a musical number during the afternoon program.

There will be a night session as a part of the Fillmore institute. At it, the invocation will be given by Rev. Morris Morgan. The Rev. Claude M. McClure, of Greencastle, will speak on "Insane America." The Fillmore institute is offering a considerable list of prizes for the best in farm and home economics products, classified as men's class, boys' and girls' class, women's class, and manual training, with cash prizes in most instances.

Speaking at Belle Union, Wednesday, Mrs. Fuller talked, in the forenoon session, on "You and Your Community." She said:

"A community is no stronger than its individual citizen. Each one is building something, either stumbling blocks or stepping stones. In the first place," Mrs. Fuller said, "you must have faith in your community. Realize that each and everyone has a place and a part in its welfare."

"Take time for the betterment of your community. If there is any organization in your community worthy of being there, it surely is up to you to give at least some of your time, talent and finance if need be, in support of this enterprise. If there is something in your community which should be eradicated, it is up to you to help in that eradication. Don't work only for the dollar. I would rather leave behind me a progressive community—one fit for my son to rear his children in—as a heritage, than any possible pile of money, to be wasted, as it may be."

"Although you may not get credit for work you do in your community, find your place and fill it in spite of setbacks and discouragements, so that when you leave your community you can say: 'I have done my best to be of use.'"

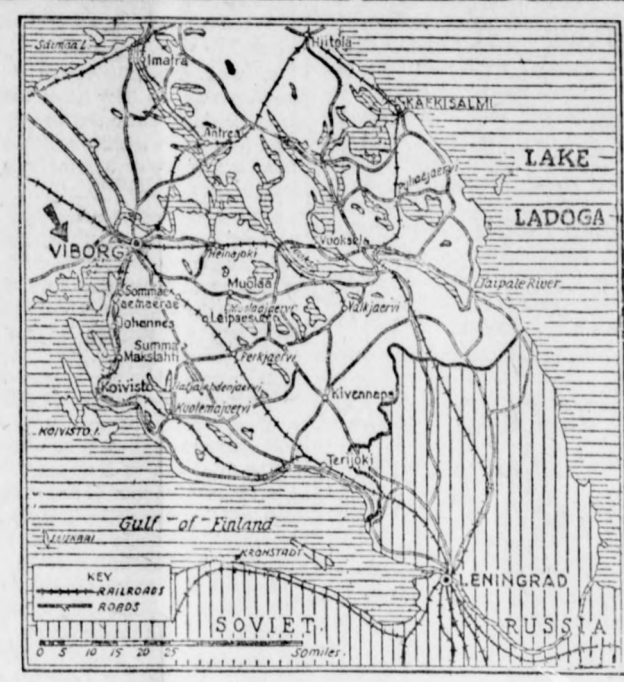

Senator Ferris talked on "Farm Management" at the Belle Union institute, at the forenoon session. He said:

"It is a virtual necessity to keep farm records, not only for the value they have in computing income tax but as a reference and opportunity, also, for comparing farm practices." Mr. Ferris cited the fact that of 243 farmers who kept records in this farm area of the state, the average labor income as between the 29 most profitable and the 29 least profitable was \$2,264. Then he proceeded to analyze the records to determine where are the weak points in the farming program.

At the afternoon session, Mr. Ferris spoke on "Citizenship." He named some of the challenges to the right of equal opportunity of citizens. These days, he alluded to President Lincoln's declaration that our forefathers understood the opportunities of equal citizenship better than we do.

"Today's present tendency is to defeat the democratic idea," he said. "The tendency these days is to rely on government paternalism." The senator read letters sent to him as a member of the state legislature supporting his contention concerning the growth of the paternalistic idea in America.

"No golden egg can be laid by a dead goose," he said, quoting from a speech which he heard Senator Vandenberg deliver in the United States Senate, last year.

## Indicate Added Work On Road 40

UNTIL WEATHER STOPPED THEM SURVEYORS WERE WORKING AT STATE FARM

The activity of the Indiana State Highway Commission during the past week indicates that there will be more work completed on State Road 40 east of Putnam county this year, and from the gossip that is heard, there may be a lot of work on the west end of the road so far as Putnam county is concerned.

Until the cold weather stopped them a month ago, surveyors were at work west from the Indiana State Farm, indicating they might be making a new location for the right-of-way, which, according to reports will be shifted considerably in various places.

The State Highway Commission has awarded contracts for new bridges on 40, one to be over Mud creek just west of Belleville and the other over the Cartersburg branch east of Belleville. The two bridges are small ones and the two will cost approximately \$25,000. A. L. Deneston of Rochester was the lowest bidder on both projects.

Residents along the west end of the road in Putnam county have been attempting to learn where the new road will eventually go, but with little success. They are of the opinion that it will go through Manhattan, but will take off a good sized chunk of roadway on the north side, while at Pleasant Gardens it will go the south of the present road.

What will be done at the Indiana State Farm is not known, but the present road will be straightened all along at that point and, of course will come directly through Putnamville, hooking onto the bridge over the Monon as it now stands, but farther west will take to new routes to avoid the present dangerous curves.

## SPANISH GOVERNMENT RELEASES 8 AMERICANS

MADRID, Spain, Feb. 22.—(UP)—The government of Gen. Francisco Franco today released the last eight Americans held as prisoners of war. One of the Americans held by the Franco government was the flier Harold Dahl, who fought with the former Republican government's armies and who was shot down behind the Franco lines.

Dahl at one time was condemned to death. His wife wrote to Franco pleading for her husband's life and sending along a picture of herself. Franco removed Dahl from the threat of the death sentence and replied to Mrs. Dahl's letter, giving her reassurance as to her husband's fate.

Later efforts by Mrs. Dahl to win her husband's freedom failed, however. Dahl was from Champaign, Ill.

## 20 Years Ago IN GREENCASTLE

Orah O'Hair bought land from J. Frank Long, in Greencastle township, for \$12,000.

Mrs. Warren Newgent fell down a stairway at her west Walnut street home and injured her hand and arm. William H. Strain made the highest grades in the freshman class of DePauw. He was a Rector scholar. Greencastle 80, Wiley of Terre Haute 7, was the score in the basketball game between the two schools.

## OSCAR KNIGHT DRIVES 22 MODEL T FORD CAR

Oscar Knight, 515 north, Indiana street, Greencastle, drives a '22 model T Ford, roadster type, and gets a big "kick" out of it—even more of a kick than the car has, although Mr. Knight would never admit it. He is very loyal to the little automobile.

"It has only about 5,000 miles on it," Mr. Knight said. "Indianapolis is the farthest away from home it has ever been."

Mr. Knight spoke of its 3-inch tires, which carry 50 pounds pressure in the front ones, and 60 in the rear pair. He has had it two years. "I may sell it some of these days," he said.

Tol Walters, Cloverdale Ford dealer 22 years ago, sold the machine new to Chauncey Masten, and Mr. Masten traded it in on a new, gear-shift car, to a Greencastle automobile dealer, when "something went wrong with the model T," Mr. Knight said.

## Paper Speaks Of Clay County Case

REFERS TO "CONTROVERSY BETWEEN SUPERINTENDENT AND ATTORNEY GENERAL"

The Brazil Times speaks of a "controversy between the superintendent and attorney general," referring to the effort of Clay county authorities to get Pearl Johnson interned at the penal farm after conviction on a charge of violation of state laws regarding possession of gambling devices. The Times says:

"There is a misunderstanding relative to the time of beginning of Johnson's sentence that caused Superintendent Floyd Hemmer to refuse Johnson when Sheriff Fred Williams first took him up Monday. Johnson appealed his case but the Supreme court sustained the local court and overruled his motion for a new trial. When Johnson was committed Supt. Hemmer claimed there was an error in the commitment as to the date of the beginning of the sentence. This was charged to suit the farm authorities and Johnson was taken back Tuesday. However, Sheriff Williams was not given a receipt for Johnson pending the controversy between the superintendent and attorney general."

## CAPT. JOHN BOWMAN INJURED

John Bowman, a captain of state excise police officers, who has been in Greencastle in connection with excise cases in court, suffered severe shock and painful injuries Tuesday night, near Newberry, when his car collided with a heavy truck. He will be confined to his home near Elora several days.

The minutes of the Indiana appellate court note "appellee's additional authorities, with receipt" in the suit of the Owen County State Bank vs. Guard, tried in the Putnam Circuit court on a change of venue from Owen county.

## SEEKING NAVY RECRUITS

In carrying out a plan for new navy recruiting, Arthur M. Morris, Chief Fire Controlman, U. S. Navy, will visit Greencastle on Wednesday, February 28, and interview applicants in the post office between 9 a. m. and 4:30 p. m.

## SPRING ISN'T FAR OFF BUT SNOW CONTINUES

Putnam county people were disappointed Thursday morning, when they awoke to find there was another snow covering the ground. It came from the north, along with a rather cold wind and below freezing temperatures.

The only satisfaction most people obtained from the snow was the fact that there can be little more of cold weather and snow, as warmer weather and spring are "just around the corner."

## Start Repairing Steamer Altmark

PREPARING FOR DASH DOWN THE COAST TO GERMANY: IS UNDER GUARD

OSLO, Norway, Feb. 22.—(UP)—German shipwrights started to repair the steamer Altmark today, under guard of three Norwegian torpedo boats, in preparation for a dash down the coast to Germany.

Possibilities of a fight at sea, or of a new diplomatic dispute involving Norway, Great Britain and Germany, were seen in Paris reports that the allies had tightened their watch along the Scandinavian coasts and were watching German ship movements in Norwegian waters.

The German steamer Wiegand arrived yesterday to repair the Altmark and to pull it off the rocks of Joessing Fjord where it grounded Friday night when British warships rescued 326 British seamen from it.

Norwegian admiralty and other authorities refused all information and for many hours there were conflicting reports. "Reliable" sources even said that the Wiegand had no connection with the Altmark but took refuge in the fjord because of fog.

Later it was asserted definitely that the Wiegand had been sent to aid in repairing and refloating the Altmark, and that both vessels intended to make a dash for Germany within the next few days.

As soon as the Wiegand arrived, it was understood, a special crew prepared to repair the Altmark's damaged propeller and attend to other minor damage it suffered when it went aground.

## PLANETS PROVIDE A BRILLIANT SPECTACLE

The two brilliant planets, Venus and Jupiter, last evening again provided a spectacle of heavenly brightness in the western sky, from the time dusk permitted them to be seen and until they sank too low to be visible, late in the evening.

The two celestial bodies were very close to one another, but were a little closer the evening before, when, however, clouds screened them from human eyes. Venus, the present evening star, has a diameter of 7,700 miles, and is 67,000,000 miles from the sun, while Jupiter, its apparent close neighbor, just now, has a diameter of 87,000 miles.

Our Venus is the Lucifer (as a morning star) and the Hesperus (as an evening star) of the ancients.

## L. G. Graham Is Candidate

PRESENT SHERIFF WILL SEEK G. O. P. NOMINATION TO SUCCEED HIMSELF

Lawrence Graham, sheriff of Putnam county, announced today that he will seek renomination in the coming Republican primary election to succeed himself. He is not expected to have any primary opposition.

Mr. Graham is serving his second year as a sheriff and is seeking renomination and election on his past record.

## SERVICES HELD FOR FORMER GREENCASTLE WOMAN

Friends who attended the services from Greencastle were Rev. J. Dwyer Forward, Mr. and Mrs. Clayton Cash, Mrs. Joe Davis, Mrs. Murel Davis and son Melvin, Mrs. Sherman Acton, Phil Scroggins, Mrs. Emma Harris, Mrs. W. H. Vandevier and Mrs. Art Williams.

## SAY BOMBING IS VIOLATION OF NEUTRALITY

NEWSPAPER ASSERTS SWEDEN AND ALL SCANDINAVIA WANTS PEACE

RAID CAME BEFORE DEBATE

Generally Believed That Russian Aviators Believed They Were Over Railroad

BERGEN, Norway, Feb. 22.—(UP)—A heavy air battle between planes of unidentified nationality was reported today off the north coast of Norway.

A message from Stavanger at the same time said that fishermen had reported a squadron of submarines cruising off Joessing Fjord, where the Nazi prison ship Altmark was run aground by the British navy and 326 prisoners taken from her.

It was presumed that the submarines were German craft which had arrived off Joessing Fjord to protect the Altmark when the ship resumes her voyage toward Germany. The dispatches said coastal observers believed there would be a naval clash off Joessing when the Altmark starts home.

COPENHAGEN, Feb. 22.—(UP)—A Berlingske Tidende dispatch from Abo, Finland, quoted Russian officer prisoners as saying that Russia was preparing a large scale offensive along the whole Russian-Finnish frontier, and had massed more than 1,000,000 men for the attack.

STOCKHOLM, Sweden, Feb. 22.—(UP)—The Swedish northern army corps was understood today to have received instructions to strengthen air defense forces and to shoot on sight all Russian airplanes flying over Swedish territory.

After a Russian bombing of the Swedish frontier town of Pajala yesterday, it was reported in the Stockholm press that the government had asked full compensation for damage done to property in its protest to Moscow.

STOCKHOLM, Sweden, Feb. 22.—(UP)—Asserting that a Russian airplane bombing of Pajala was "one of the greatest violations of neutrality ever seen," the newspaper Stockholm-Tidningen said today that the government in a protest to Russia had asked full compensation for damage done to Swedish property.

"Sweden still wants peace and so does all of Scandinavia," said the newspaper. "However, it is certainly darkening up here and perhaps all neutrals in the near future will have to make serious decisions."

Of the raid, the newspaper commented:

"Inhabitants of the small Swedish town of Pajala yesterday got a serious warning from a possible 'new neighbor.' Fortunately the Russians did not succeed in killing anyone but the raid caused heavy damage."

Reports that seven Russian planes

## PRESIDENT OBSERVES HOLIDAY IN PANAMA

ABOARD DESTROYER LANG IN THE PACIFIC, Feb. 22.—(UP)—President Roosevelt interrupted his inspection of distant Panama Canal defenses today to observe Washington's birthday aboard the cruiser Tuscaloosa, anchored off an uncharted island in the Pacific.

This afternoon he attends a gymkhana and in the evening a smoker and boxing match aboard his cruise ship, which has been anchored off the island three days. The president continues to fish and is acquiring a rudimentary.

The island is in Costa Rica waters and the president of that country has messaged greetings and offered Mr. Roosevelt the complete liberty of the region.

## BOMBINGS

(Continued from Page One)

dropped about 137 bombs on the town, slightly damaged a church and a small unoccupied hospital room and setting fire to four houses of which two were destroyed.

It was generally believed that Russian aviators flew down the Tornea river and along the nearby railroad by mistake, believing that they were over a Finnish river and railroad.

(The Copenhagen newspaper Berlingske-Tidende, in a Stockholm dispatch, asserted that 12 hours before the raid an unidentified airplane, believed to be Russian, flew over the town reconnoitering as if for a landing.)

The plane raid came shortly before a debate in Parliament on the government's policy in publicly refusing aid to Finland, a debate which resulted in a vote of confidence in the government's "real" policy. The reservation that the policy had not been presented to the public in proper form was implied, however.

Toward the end of the debate foreign minister Christian Guenther switched the talk to the German campaign against neutral shipping. Without mentioning Germany he said:

"If torpedoing of Swedish ships with the loss of Swedish seamen's lives, has caused reaction in our country, in the government and among the public as registered in the press, this is by no means an unnatural attitude. Instead it would have been unnatural if this reaction had not appeared."

He added that a program to protect neutral shipping would be discussed at a meeting at Copenhagen Saturday of the foreign ministers of the three Scandinavian countries.

Conservative Deputy Johan Johansson, during the Finnish debate, said that misunderstanding over the government's policy toward Finland had caused sharp criticism. Premier Per Albin Hansson, replying, said he believed the criticism concerned the government's fundamental policy, which was one calculated to protect Sweden's best interests.

He believed, he said, that the Swedish people fully understood that the government desired to aid Finland by all means short of military intervention.

Four new members were added to the club. They were Mrs. Ralph Jobe, Mrs. Harold Walker, Mrs. Pauline Meek and Mrs. Pauline Mundy.

Delicious refreshments were served by the hostesses, Mrs. Cora Dorsett, Mrs. Mamie Bockius and Mrs. Velma Doyle.

New leaders for the club were selected and Mrs. Carrie Klinefelter and Mrs. Belle Kendall will be leader for 1940.

### A. A. U. W. Board Members

#### Met Wednesday Evening

Board members of the Greencastle branch of the American Association of University Women in their meeting last evening voted to co-operate with the state organization in its sponsorship of the Indianapolis Symphony Orchestra by the purchase of tickets in A. A. U. W. communities throughout the state. Under the proposed plan, which is being presented to the thirty Indiana A. A. U. W. branches, each branch is asked whether it is interested in purchasing one \$7.50 season ticket for the ten concerts in 1940-41. Details will be formulated later as to how the concert tickets will be disposed of, and what concerts each branch will attend.

One of the principal points of business of last night's meeting was the appointment by the board of the nominating committee which is to consist of Mrs. Glenn Giddings, chairman, and Mrs. Glenn Pierson and Mrs. Roy Sutherland. Officers to be nominated by this committee and elected by the branch in the spring are first vice president and secretary for the ensuing two years.

Of immediate interest to the local branch is the annual guest meeting to be held next Tuesday evening, February 27, at 7:30 at Rector Hall, when senior women of DePauw University will be branch guests at a social meeting. Mrs. C. R. Hamilton of Indianapolis is to be the speaker and an enthusiastic response has been received from the senior women invited. Each senior will be called for by an A. A. U. W. member. Following the meeting refreshments will be served.

Announcement was made to the board by Mrs. David Houck, president of the local branch, of the sectional meeting of A. A. U. W. which is to be held at Battle Creek, Michigan, on May 10 and 11. Representatives of branches in Wisconsin, Illinois, Michigan, Ohio, and Indiana will attend and local members are urged to consider the possibility of being present at that meeting which

## "RETONGA DOES A FINE JOB," DECLARES DENNEY

Troubles Of Six Years Standing Quickly Ended, States Well Known Home Owner. Fells Fine Now.

WYATT DENNEY

Public demand for Retonga continues to increase as well-known men and women gratefully tell of remarkable recoveries from long-standing troubles through this celebrated medicine. Typical of the hundreds of well-known citizens throughout this section reporting remarkable benefits from Retonga, is Mr. Wyatt Denney, highly respected home-owner of 210 S. Mulberry St., Martinsville.

"I was a victim of constipation for six years, and gas would form in my lower bowels and swell my abdomen as tight as a drum," states Mr. Denney. "My system seemed to get full of toxins which apparently affected my nerves. If I sat still my left arm and shoulder would get stiff and sore. This kept me uncomfortable all night and I would get up feeling so druggy I could hardly get

into my clothes. "Three bottles of Retonga about made a clean sweep of my years suffering. My bowels are regular, the pains are gone, my nerves are steady. I again eat food and have gained strength and energy I was doing things all the time. I am anybody who takes Retonga delighted with the results." Get genuine Retonga today. P. Mullins Drug Store—Ad.

## Coffee and Gingerbread For Washington's Day!

GEORGE WASHINGTON'S mother was famous for her gingerbread and according to most authorities that's where the famous American dessert got its big start when it paired up with coffee! Today's modern gingerbread mix is based on Mary Ball Washington's own recipe and follows an old colonial custom when it's served with fresh hot coffee on the first president's birthday.

Modern gingerbread is just as easy to prepare as the coffee that goes with it—just add water to the mix and bake. The coffee is always right if we remember to use one heaping tablespoon of coffee for every measuring cup of water—and serve it hot and fresh. Cut the gingerbread up into squares and heap them on a platter; set up the coffee on the console as shown in the illustration on this page; then let the guests help themselves.

You might take advantage of the day and use the gingerbread and coffee combination as the patriotic background for your favorite charity or club. A red, white and blue box for "silver offerings" will serve as a gentle reminder! As for the coffee and gingerbread—

serve them plain or try these new ways with two old colonial favorites. They're good for Washington's birthday or any festive occasion:

**GINGERBREAD VARIATIONS**  
**Marble Gingerbread**  
1 pkg. gingerbread 1 square (1 ounce) mix  
1/2 cup currants 1/2 cup water  
1/2 cup milk  
To 1/2 package of the Washington-recipe gingerbread mix add currants and milk. To remaining half add melted chocolate and water. Pour mixture in alternate layers into greased loaf cake pan. Bake 35 to 40 minutes in a moderate oven (350° F.). This recipe makes 1 medium-sized loaf.

**COFFEE VARIATIONS**  
**Spiced Coffee**  
Place 3 pieces 2-inch stick cinnamon and 12 whole cloves in the bowl of the vacuum coffee-maker; or into the cold water for percolator and "boiled" coffee; or into pot of drip-maker. Make coffee using 1 heaping measuring tablespoon of coffee to each measuring cup of water. Serve with sugar, plain or whipped cream.

castle spent Saturday night with the latter's sister and husband, Mr. and Mrs. Robert Scobee. On Sunday they were dinner guests of her parents, Mr. and Mrs. O. N. Hicks.

Week end visitors of Mr. and Mrs. George Haag were their children Mr. and Mrs. Wm. Haag and Mrs. Lena Sproull of Sheldon, Illinois.

Mr. and Mrs. Claud Crosby and daughter Sandra of Roachdale were Monday guests of Mr. and Mrs. Walter Wright. Mrs. Crosby attended the funeral of Mrs. Knetzer.

As time rolls on we  
Her memory is as clear  
As at the time she  
When evening shadows  
And we are all alone.  
In our hearts these  
If she could only come  
The long rough road  
Her weary feet have  
How rough to her  
Perhaps we never  
But with the weary  
She'll be no more  
We know that these  
Within the book of

## GER CUBS DOWN BRAZIL QUINTET 38-31

GE COMEBACK IN SECOND  
HALF TO SPURT TO  
VICTORY

DE 14 STRAIGHT POINTS

A battle with the Brazil Red last evening the Greencastle Cubs defeated the Wheeler quintet 38 to 31. Two surges of accuracy were felt during the game and it was this second which placed the Cubs in the lead and made it impossible for the Devils to defeat the Greencastle

the half time period the Red, after a scoring spurt in the half, had the lead 20 to 10. The Cubs, anxious to redeem themselves after the defeat suffered atington on Friday, gained steadily in the third and fourth quarters scored fourteen straight points to take the lead. The Cubs in scoring with ten points as he made seven goals and four free throw tosses. Crawford followed in the score with two field goals and free throw while Hammond and Way made two field goals each. The Red Devils Brown and Hart led the field with eight points respectively.

Greencastle B team, in a preliminary battle, defeated the Brazil 23 to 20.

Friday night of this week the Greencastle Tiger Cubs will meet the bus quintet on the local floor. This will be the last home game before the sectional which will start Thursday.

## SEASON TICKETS ON SALE FOR SECTIONAL

Season tickets for the sectional tournament are now on sale at the Greencastle High School and R. P. Mullins Drug Store.

Mr. Bishop, principal of the high school, in an interview, said, "Season tickets will be sold for \$1.00 and will entitle the bearer to enter four sessions of play. Tickets for each session will be sold only at the door and will cost 35c a session."

Season tickets were sent out today to the Putnam county towns and will be placed on sale at once.

## Moffett Ends Thirteenth Year

BASKETBALL MENTOR AT DE-PAUW SINCE 1927  
SEASON

When Donovan C. (Tubby) Moffett takes his Tiger squad over to the Butler Fieldhouse Saturday, it will be his 208 game as DePauw's basketball coach.

Since he came to the school in 1927 his teams have won a total of 119 games while losing 93. This season to date has been one of the worst in Moffett's record, comparable only to the '35-'36 campaign when the book showed four victories as against twelve defeats.

All the blame for this disastrous season can be attributed to the fact that it is his thirteenth at the Tiger helm. No coach could be expected to turn out a winning ball club in his thirteenth season. Of course, the fact that all five of last year's regular starters graduated may have had something to do with it too. Prospects appear brighter for the Bengals in 1940-41, for most of this year's squad will be back with a year of playing together behind them.

Tubby's best season came in 1931-32 when his charges won fourteen games and lost only two. DePauw captured the Indiana Conference title that year. Among the non-conference victims were Indiana University, Cincinnati, Ohio U., and Ohio Wesleyan. In only three seasons, including the current one, have his basketball teams won fewer than eight games.

As a student at DPU, Moffett received the Sigma Delta Chi cup for the best all-round athlete and scholar. In his last year in basketball he played in every game and was selected for the first All-State five.

In high school at Bainbridge Tubby participated in basketball, baseball, and track. As a freshman at DePauw he played guard on the basketball team, put the shot, and hurled the discus. His sophomore year he continued these activities and added football and baseball. He was named All-State tackle that year, the only DPU man to make it.

The following year he returned to Bainbridge to teach and coach at the high school. Coming back to DePauw his senior year, he played football and basketball.

Not content with being an athlete and a scholar, Tubby was also something of a musician and an actor. He tooted a sax in the R.O.T.C. band, and appeared on the stage in "The Charm School," the Senior Play.

After graduating in '22, Moffett coached at Brazil High School until 1926 when he went to Central High School in Lima, Ohio, as coach of football and track.

Returning to DePauw in '27, he took charge of basketball and freshman football. Despite the fact that the Tiger squad had only a couple of regulars returning that year, his first team wound up the season with a record of eight wins out of seventeen games.

In 1930 Moffett became Director of the Athletic Department when Professor Hughes resigned to accept a post at Columbia University. In addition to heading the Athletic Department and coaching basketball, Tubby now helps Gaumy Neal with the line in football. He has his A. B. degree from DePauw and a M. A. degree from Columbia University.

## WIND UP WITH MANY GAMES ON FRIDAY

RUSSELLVILLE HOST TO ROACH-DALE AND FILLMORE MEETS BELLE UNION

REELSVILLE IN LOCAL GYM

With the Sectional tourney within sight the Putnam County teams will finish up their schedules Friday and rest up for their first round of scrimmage next week. There are many games in the county this Friday evening and the game that will attract the most attention will be the Russellville-Roachdale battle at Russellville.

Russellville, loser of the Bainbridge tilt last Friday and suffering with a crippled quintet, will be striving for a victory after the defeat handed them by the Hawks in the final battle of the Wabash Valley tourney. The Roachdale team has been going strong since the Wabash Valley games and they will present a tough game on the Russellville floor.

Reelsville will meet the Greencastle B team here on Friday.

Bainbridge will travel to Danville where they will meet the team which the Greencastle Tiger Cubs defeated 30 to 26 in the first game of the season. The Bainbridge lads are back in shape after a series of defeats and will be pointing for a victory to keep up their morale for the sectional tourney.

Another game which will attract much attention is the Fillmore-Belle Union tilt at Belle Union. Both these county teams have had a fair record this season and the game should be an evenly matched battle.

Cloverdale, with one of the poorest seasons they have suffered in years, will wind up their schedule with a game at Van Buren.

## Drive Basketeers For Butler Games

DOUBLE-HEADER AT FIELDHOUSE IN INDIANAPOLIS SATURDAY

Both Coach Moffett and Coach Umbreit are driving DePauw's basketeers hard this week in preparation for the double-header against Butler in the Fieldhouse Saturday night. The varsity will be handicapped by the absence of Earl Lewis, senior forward, and Bill Lynch, sophomore guard, who are out with injuries. The Tigers, however, have looked good in their last three games with a revamped line-up consisting of Shalley and Crane at forward, Moore at center, Prewitt and Gallagher at guard.

The DePauw freshmen have broken even in two games to date, drawing Indiana State Teachers freshmen and losing to Wabash freshmen in an overtime game. Both Indiana State and Wabash have defeated the Butler freshmen this year. Plans are being made for a large student delegation to follow the two teams to this important game. The Tigers are the only conference team between the Bulldogs and a perfect conference record.

## Establish Three Swim Records

Three new DePauw records were established last night as the Tiger swimmers defeated Ohio Wesleyan 49-35 for their seventh straight win.

Jim Erdmann of Hammond, DePauw's ace free style artist, hung up new varsity marks in the 200 and 400 yard free style races. He also held the former marks in these events. A new mark was also established in the 300-yard medley relay race by Rashke, Ketcham and Hartsock.

Ohio Wesleyan, victors over the DePauw team last season, were paced by George Dale who won the 60 and 100 yard free style events. Wesleyan's only other win was Paul Wasson in the 150 yard back stroke.

In addition to the three record-breaking performances, Dave Sellers won the diving event, Jack Ketcham won the 200-yard breast stroke and the free style relay team, composed of Ben Dean, Don Stullken, Jack Coons and Tom Cook, won to give DePauw six of nine events.

## Notes on SPORTS by Knebel

On Saturday we will announce the drawings of the sectional and if all works out well for the various teams there will be some hard pitched battles in the Greencastle High School gymnasium on the following weekend.

Now that sectional time is drawing near I can feel myself, and in fact all of Greencastle, getting anxious to see how the drawings will come out. Luck can do a lot toward making some of these teams get further in the sectional than they might if fate is against them.

There will be plenty of basketball next week. On Wednesday evening the Wabash Little Giants will meet the DePauw Tigers on the local university floor and then starting on Thursday the sectional tourney will get underway.

New Market defeated Roachdale two weeks ago and now last evening the results of the Russellville-New Market game were as follows:

New Market	Russellville
fg ft	fg ft
Meyers, 4 2	Hoovermale, 2 2
Marts, 0 0	Sellers, 5 6
Etter, 1 1	Byrd, 6 5
Reeves, 5 3	Compton, 4 0
Swank, 0 0	Overstreet, 1 1
Gardner, 1 1	Potter, 0 0
Pointer, 0 0	Clodfelter, 0 0
Priebe, 0 0	McCutchin, 0 0
McKinley, 0 0	
Saylor, 1 1	

Perhaps there will be an exceptionally good battle at Russellville on Friday evening.

## Turkey, Near East Start Ground Work

ISTANBUL, Turkey, Feb. 22—(UP)—Ground work has been completed for close collaboration of the Turkish and allied high commands in event of war in the Near East and a decision on what action Turkish, British and French forces shall take in event of given developments is now being considered, a reliable foreign diplomatic source said today.

This news followed a warning by the authoritative newspaper Yeni Sabah that Turkey would enter the war the day any foreign country marched on the Balkans. Germany was mentioned as a possible aggressor.

In connection with invocation of the national defense law and other signs that Turkey is preparing for war, it was learned that President Ismet Inonu is to visit important areas soon, including Thrace.

(The newspaper Giornale D'Italia of Rome reported that about 50 British officers had arrived in Thrace to aid in reinforcing defenses of Adrianople (Edirne) and Kirk Kilissa (Kirkarali), near the Bulgarian frontier in Thrace. It said that the officers were engineer and artillery

officers, mostly from Egypt and Palestine.)

In its admonition, Yeni Sabah said Turkey had no reason to make war on anyone and had signed no accord which might provoke Russian action. But discussing chances that Turkey might be involved indirectly in war, the newspaper said:

"If Germany attacks the Balkans she will face us on the side of the allies. Such aggression menaces us directly. To come to Istanbul it is necessary to conquer the Balkans. Our nation will not wait with arms crossed while the Balkans are crushed and our time arrives... thus Turkey will enter the war the day a foreign power marches on the Balkans."

A reliable source asserted that a German company had chartered four Italian tankers to transport oil from Batumi, in Soviet Russia, to Varna and other Bulgarian ports. Oil circles here said that the ships could transport 40,000 tons of oil a month and that Bulgaria did not need such quantities. Hence it was suggested that the oil would be intended for Germany. The ships were said to be the Celeno, 3,741 tons, already in the Black Sea; Maya, 3,867 tons; Torcello, 3,366 tons, and Gerardi, between 3,000 and 4,000 tons.

### Mrs. John Scherschel Honored At Shower

Mrs. John Scherschel, the former Miss Tressie Louise Steele of Bainbridge, was honor guest at a bridal shower given recently at the home of Mrs. Walter Steele. The color scheme and decorations were rose and white in keeping with Valentine's day. Small hearts were used for decorations also.

Before the presentation of gifts to the bride, Mrs. F. C. Collings reviewed the book, "Song of the Years." This review was very interesting and appropriately given by Mrs. Collings.

Mrs. Scherschel was assisted by her sister, Miss Ernestine Steele and Miss Jeanette Sutherland in opening her many lovely and useful gifts.

The color scheme was also carried out in the refreshments which were brick ice cream, cake, coffee, and candy hearts served to about forty guests.

Hostesses for the shower were Mesdames Lane, Bratton, Michael, Eikman, Harmless, Metz and Miss Agnes Curran.

### DR. CARSON SPOKE

#### AT CHAPEL THURSDAY

"Washington the man is less-known to the average American than Washington the military leader and statesman," Dr. W. W. Carson, head of the department of history, said in DePauw chapel Thursday. He outlined some of the personal characteristics of the first American.

"As a young man, Washington was rugged and big-boned, strong and proud of his strength," Dr. Carson told the chapel audience. "His face was pitted with small-pox." He was an out-of-doors man, a fox hunter, and a surveyor at sixteen.

Dr. Carson called Washington's personality an inner force of deep passions and quick temper, which however he controlled so that he seemed sober and reserved. "There was nothing dramatic or scintillating about him or his conversation," there was no philosophical depth to his mind," he added.

"What made Washington great was his soundness of judgment and good common sense, his power of analysis and his methodical business ability," Dr. Carson continued. He told of his minute financial accounts which kept the details of every transaction.

Dr. Carson concluded with the quotation, "Washington is first in the hearts of his countrymen because his countrymen were first in his heart."
